

Publications

Publication	Authors	Title/Description
Romanian Journal of Education, Volume 1, Number 3-4, 93-102, 2010	J Tuah, T G Harrison and D E Shallcross.	A Review of the Use of Demonstration Lectures in the Promotion of Positive Attitudes Towards, and the Learning of Science With Reference to 'A Pollutant's Tale', a Demonstration Lecture on Air Quality and Climate Change
A Kemia Tanitasa (The Teaching of Chemistry), November 2010, 19-24	D E Shallcross and T G Harrison	Practical demonstrations to augment climate change lessons (translation in Hungarian of Science in School Website 2008)
Science in School Website, 2010	T G Harrison and D E Shallcross	A hole in the sky
Acta Didactica Napocensia (Journal of the Didactics of Exact Sciences Chair of the Babes-Bolyai University) Volume 3, Number 4, 2010	A J Shaw, T G Harrison, S J Croker, M Medley, L Sellou, K L Shallcross, S J Williams and D E Shallcross	University-School partnerships: On the impact on students of Summer Schools (for school students aged 17-18) run by Bristol ChemLabS
Acta Didactica Napocensia (Journal of the Didactics of Exact Sciences Chair of the Babes-Bolyai University) Volume 3, Number 3, 2010	A J Shaw, T G Harrison and D E Shallcross	What Value has Chemistry Outreach by a University department to secondary schools? Teacher Perceptions of Bristol ChemLabS Outreach Events
New Directions in the Teaching of Physical Sciences, Higher Education Academy UK Physical Sciences Centre, Issue 6, September 2010, 72-76	T G Harrison, A J Shaw, K L Shallcross, S J Williams and D E Shallcross	School-university partnerships: Lessons learnt from 10 years of spectroscopy for teachers and Post 16 students
Chemistry Review, Volume 20, 2, November 2010	T G Harrison and D E Shallcross	Out of Thin Air. Atmospheric Nitrogen

Publication	Authors	Title/Description
Journal of Hungarian Chemists, October 2010		Article regarding Tim Harrison's visit to Hungary to give lectures on outreach, teacher training and innovative undergraduate practical teaching in October 2009.
New Directions in the Teaching of Physical Sciences, Higher Education academy UK Physical Sciences Centre, Issue 6, September 2010, 41-46.	T G Harrison and D E Shallcross	Towards sustainable public engagement (outreach)
Education in Science, Association for Science Education, 239, September 2010, 11-12	T G Harrison, B Berry and D E Shallcross	A Festival of Contemporary Science For Science Teachers
Chemistry Review, Volume 20, 1, September 2010	T G Harrison and D E Shallcross	Out of Thin Air. From volcanoes to sea salt: atmospheric sulfur
Science in School Website, 2010	D E Shallcross, T G Harrison, S Henshaw and L Sellou	Climate Change Modelling in the Classroom (2008) (Foreign Language Translation) Translated in to Spanish by J Asequinolaza
Science in School Website, 2010	D E Shallcross, T G Harrison, S Henshaw and L Sellou	Looking to the heavens: climate change experiments (2009) (Foreign Language Translations) Translated in to: Spanish - V N Magarino and G Pinto French - C Ducoin Greek - N Σκουλιδης

Publication	Authors	Title/Description
Science in School Website, 2010	N Gros, T G Harrison, I S Drusany, A K Dolinar	Spectrometry at school: hands-on experiments (Foreign Language Translations) Translated in to: Slovene - N Gros, I S Drusany and A K Dolinar Romanian - L Chicinas Catalan - M R Quintero Bernabeu Polish - M Kwiatkowski German - V Ebert French - M A Casimir
Science in School Website, 2010	D E Shallcross and T G Harrison. Translated in to Spanish by V N Magarino and G Pinto and into Bulgarian by E Murzova	Fuelling interest: climate change experiments (2009) (Spanish and Bulgarian Translations)
Science in School Website, 2010	A Griffin, TG Harrison, DE Shallcross and Translated by L Sellou	Le cirque primaire d'expérience (Primary circuses of experiments (2007), French Translation)
Science in School Website, 2010	T G Harrison	Practical Chemistry Website
Romanian Journal of Education, 2010, 1, (2), 75-80	TG Harrison, D E Shallcross, A J Shaw, M I Medley and Z Bell	The sweet smell of success: primary pupils study fragrance science at a leading university chemistry department
Chemistry in Action, Spring 2010, 90	T G Harrison and W J Heslop	How To Get The Most Out Of Chemistry Practical Work

Publication	Authors	Title/Description
Science in School, Spring 2010, Issue 14	N Gros, T G Harrison, I S Drusany, A K Dolinar	Spectrometry at school: Hands-on experiments
Romanian Journal of Education, 2010, 1,(1), 61 - 66	D E Shallcross, T G Harrison, N C Norman, P J Wyatt	The Importance of Advisory Boards In Undergraduate Chemistry Teaching
Acta Didactica Napocensia (Journal of the Didactics of Exact Sciences Chair of the Babes-Bolyai University) Volume 3, Number 1, 2010.	A J Shaw, T G Harrison, M I Medley, L Sellou, K L Shallcross, S J Croker, S J Williams and D E Shallcross	University-School partnerships: Polymer Chemistry days run at a University for 14-15 year olds and their impact on attitudes to Science
Chemistry Review, April 2010, Volume 19 number 4	B Cheesman and T G Harrison	Silicon and Silicones
